

When designing the petal sofa model, we cleverly integrated the logo at the connection of the sofa to make the product more personalized.

BESPOKE LUXURY DESIGNS

The pure handmade weaving process of the outer frame and the well arranged woven plaid pattern have strong recognition. The designer's favorite minimalist modern style is simple and has a sense of design. The precise and meticulous design interprets the classic form as a modern and timeless charm work.

BESPOKE LUXURY DESIGNS

The contact surface of the sofa is made of large pieces of smooth and smooth Nappa leather, combined with a woven material with a frosted texture on the outer frame. Under the collision of the two elements, the overall visual appearance of the sofa is both rigid and soft, full and three-dimensional.

The overall focus is on the leather weaving of outstanding crisscrossing chessboard patterns, which have a strong visual impact and are very suitable for placement in the living room as the central horizontal hall.

The Nip sofa has a sinuous shape that is reminiscent of the female body. It is composed of many elements that guarantee maximum design freedom. The inlaid metal plates on the armrests add elegance and sophistication to the entire composition. Nip is a sofa with an integrated seat that is particularly ergonomic and comfortable thanks to its special padding. The front stripes are quilted, an original animal pattern. The rich and deep lake blue with cool metal finishes makes people feel like old friends at first sight, just like the turbulent summer night and the sparkling lake, and the mood becomes calm and distant.
